The Honourable Peter Gutwein MP
Premier of Tasmania
Ground Floor, Public Building
53 St John Street
LAUNCESTON, TAS 7250

Dear Premier

Thank you for your leadership through these difficult times.

As we now look to the task of rebuilding a stronger Tasmania, we would like to inform you that Ten Lives has a \$2.2 million dollar building project to upgrade the cat management facility at 12 Selfs Point Road. The Ten Lives Board has already committed \$900,000 towards this project and plan to start building.

But we are still some way from being able to fund the full project.

We are seeking your financial support for this much needed community facility.

This shovel ready project can provide immediate employment for a large number of Tasmanians in the construction industry.

The capital project will provide the facility to allow Ten Lives to continue to address the cat management problem in Southern Tasmania. It will also allow us to improve statewide community education promoting responsible cat ownership and to address the feral cat problem.

Ten Lives has always been a self-sustainable organisation serving Tasmanians for 70 years. We enjoy strong support from the community for our on-going operations. With the completion of this capital project will be able to continue to fund our own operations but with vastly improved facilities.

We wanted you to be aware of this project as you and the Recovery Council consider opportunities that support building a stronger Tasmania.

We would be pleased to discuss this in further detail.

Yours Sincerely

David Rees
President
